Fagus - Growing Guide

Growing Fagus

Beech

Fortunately this is one of the easier care articles to write as there are only in fact 10 species of deciduous beech trees worldwide and growing improved varieties of our own native European beech trees is not exactly that difficult! Burncoose stocks popular varieties of *Fagus sylvatica* (Common Beech) so this makes it even simpler and leaves visitors to the website to decide for themselves which leaf colours or habits they want in their own gardens as specimen plants.

Fagus

F. sylvatica 'Zlatia'

F. sylvatica 'Aspleniiifolia'

F. sylvatica 'Aspleniiifolia'

F. sylvatica 'Aspleniifolia'

F. sylvatica 'Aspleniifolia'

F. sylvatica 'Dawyck'

Fagus sylvatica 'Dawyck Gold'

Fagus sylvatica 'Dawyck Gold'

Fagus sylvatica 'Dawyck Purple'

Fagus sylvatica 'Dawyck Purpurea'

Fagus sylvatica 'Dawyck Purpurea'

Fagus sylvatica 'Dawyck Purpurea'

F. sylvatica 'Pendula'

F. sylvatica 'Purpurea'

F. sylvatica 'Purpurea'

F.sylvatica 'Purpurea Pendula'

F. sylvatica 'Purpurea Pendula'

F. sylvatica 'Aurea' &
'Purpurea Tricolor'

Fagus sylvatica 'Riversii'

Fagus sylvatica 'Riversii'

Fagus sylvatica 'Riversii'

Fagus sylvatica 'Rohanii'

Fagus sylvatica 'Rohanii'

Fagus sylvatica 'Rohanii'

Fagus sylvatica 'Rohanii'
and coprosma repens

Fagus orientalis, Oriental beech, is a spreading tree with larger leaves than F. sylvatica which turn yellow-brown in autumn.
